If there is any one test as to how civilized a nation may be it is the degree of security felt by a lone

oman after her mate dies. And by this test America must be pretty civilized place. For I read in a press release from Metropolitan Life Insurance company that hine out of every ten widows live either in their own homes or in

those of relativés.'' The insurance company's paper is an important sociological comment on the American scene in the middle of the 20th Century. I am riving you the full text as released from New York March 12. Quote:

Widows in the United States now number about 7,500,000, and the total has been increasing by 100,000 a year, according to the Metropolitan Life Insurance Company's statisticians.

The indications are that the yearthe future, and that by 1960 there may be as many as 8,500,000 widows in the country.

Of the present total of widows, more than one half are 65 or older, two fifths are in the age range 45 to 64, and about one tenth are under age 45. Widows comprise about one to 74, and not far from three fourths cating the possible existence of those at ages 75 and over.

Other facts relating to widowhood the committee said. in the United States, based on the 950 Census figures, were reported the government. by the statisticians, as follows:

Nine out of every ten widows amounting to about \$6,600. live either in their own homes or per cent - were living as lodgers fully investigate all facts or as resident employes, an additional 2.5 per cent resided in hotels and the like, and 2.2 per cent were in institutions, including homes for

Many widows past the prime of to 64, and more than one-tenth of those at ages 65 to 74 were gainfully employed.

While some of these women may have been working from choice," the statisticians observe, "many of them undoubtedly did so because of economic necessity. Although some were able to support themselves, a great many were dependent, at least in part, on the assistance of children and other relatives, and on public and private

# House Group to Tighten on GI **Benefit Claims**

55TH YEAR: VOL. 55 - NO. 133

Appropriations Committee today called for a tightening up in veterans' benefit payments, saying irregularities have been found in the Washington, D. C. area.

The General Accounting Office checked 1,000 cases in the Washington regional office, the committee said and turned upperrors that resulted in overpayments of \$21, 460 in one year alone.

In one case, the committee re ly growth will be even greater in ported payment was made to claiman t despite the fact that the Veterans' Administration had not definitely established that he had served in the armed forces.

In other cases, the beneficiaries received payments without taking the required examinations, or were compensated beyond the date when fourth of all women at ages 55 to payments should have ceased. In 64, nearly one half of those at 65 at least one case, "evidence indi-

# Male Chorus to Sing in Hope

Male Chorus of the Central Baptist Seminary, Kansas City, Kansas, better known as the "Singing Preachers" will appear in a sacred concert at First Baptist Church of Hope Friday, March 26, at 7:30 p. m. The 32-member chorus is directed by Dr. Robert V. Unmack. The men come from 12 states, including Arkansas and two are from Osaka, Japan and Copenhagen, Denmark.

The public is invited to the concert and there is no admission. A voluntary offering to help defray expenses of the tour will be taken, it was announced by the Rev. S. A. Whitlow, paster of the local church. Male Chorus of the Central Baptist Seminary, Kansas City,

CITIES SERVICE ANNOUNCES

# THEWORLD'S FIRST 51DIMENSIONAL CASOLENE

# MEW 5-D PREMIU

The First Gasolene To Contain All Of America's Top Premium Gasolene Features PLUS the Exclusive Cities Service Anti-Carbon Feature!

THE GASOLENE SENSATION OF 1954 IS NEW 5-D PREMIUM-THE WORLD'S FIRST 5-DIMEN-SIONAL GASOLENE! Introduced a few months ago on the Atlantic seaboard, New 5-D Premium is now being acclaimed everywhere. It combines in one premium gasolene every one of the country's top gasolene features and, most importantly, New 5-D PREMIUM IS THE FIRST GASOLENE TO ACTUALLY REDUCE HARMFUL CARBON DEPOSITS ON VITAL ENGINE PARTS!... THE WORLD'S FIRST ANTI-CARBON GASOLENE.

Anti-Carbon, Extra-High Octane, Anti-Rust, Anti-Stalling, and with today's newest Upper-Cylinder Lubricant... New 5-D does more for the modern automobile engine than any gasolene has ever been able to do before. It increases power and mileage by actually introducing added oxygen into the combustion chamber for more complete burning of every drop of gasolene. Its upper-cylinder lubricant helps keep top rings free and clear to cut down oil consumption. New 5-D eliminates costly rust throughout the entire fuel system and stops stalling that is caused by carburetor icing. It keeps engines cleaner, cuts down repair bills and provides the longest, full-powered engine life in automotive history. Some GASOLENES HAVE NONE OF THESE FEATURES, SOME GASOLENES HAVE SOME, ONLY CITIES SERVICE NEW 5-D PREMIUM HAS THEM ALL!

These Features Show You Why Cities Service New 5.D Premium Provides The Longest Full-Powered Engine Life In Automotive History

#### ANTI-CARBON

IT'S THE WORLD'S FIRST ANTI-CARBON. GASOLENE. the first gasolene to reduce harmful carbon inside your car's enginel It actually introduces more oxygen into your car's combustion chamber . . . added oxygen that provides more complete burning of every drop of gasolene, Less waste matter. Less carbon! This great "added oxygen" feature also promises more complete engine powers

# EXTRA-HIGH OCTANE

Not just the same old high octane, but Extra-High Octane - an octane so high that Cities Service makes this daring challenge: WE CHALLENGE YOUR CAR TO KNOCK WITH NEW 5-D PREMIUM CASOLENE! With its Extra-High Octane and its exclusive Anti-Carbon feature, New 5-D is one of the greatest anti-knock gasolenes ever produced!

#### ANTI-RUST

In actual tests, New 5-D Premium was proved to protect the entire fuel system against rust. This is an important feature in old and new cars alike. It means that rust that normally forms in a gas tank and fouls up fuel lines and delicate carburetor mechanisms is eliminated. You have a better running car, a better protected engine.

#### ANTI-STALLING

New 5-D Premium eliminates annoying stalling caused by carburetor icing. When ice forms on the carburetor valve, it jams that throttle valve shut and your gasolene supply is cut off. With New 5-D Premium, THAT ICING CANNOT MAPPEN. Your fuel supply is constant, your engine is smooth running.

#### UPPER-CYLINDER LUBRICANT

Unlike old-fashioned upper-cylinder lubricants, the New 5-D Upper-Cylinder Lubricant contains an anti-oxident that prevents the lubricant from oxidizing (carbon) on vital engine parts. It lubricates, as New S-D posters your earl No modern engine can afford to be without the help of New 5-D's most modern Upper-Cylinder Lubricant!
